

Quarterly Financial Status Report

As of March 31, 2022

Quarterly Financial Status Report

Finance Department

Overview

This report summarizes the City’s financial performance for the three months ended March 31, 2022. Financial analysis for this report is provided for the General Fund, the City’s chief operating fund. The revenue projections and expenditure figures include adjustments for carryovers and any supplemental appropriations approved by City Council as of March 31, 2022. The figures presented are unaudited.

General Fund

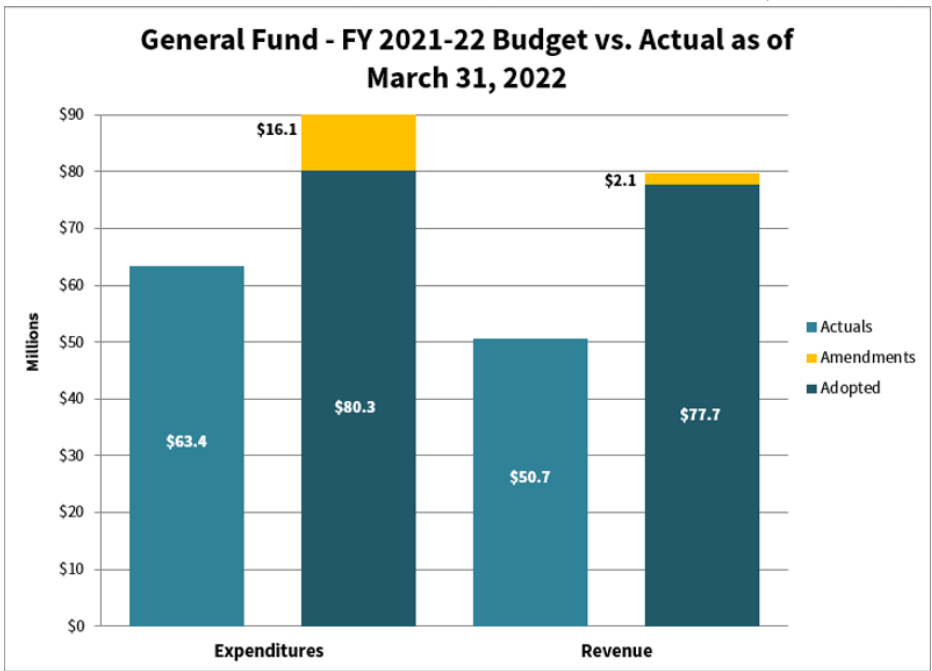

The General Fund is the chief operating fund for the City and includes multiple programs, services, and activities for the citizens of San Marcos.

The Fiscal Year 2021-22 adopted budget for revenues and operating expenses is \$77.7 million and \$80.3 million, respectively. On February 8, 2022, the City Council approved the mid-year expense budget of \$82.0 million and the revenue budget of \$82.4 million, eliminating the deficit adopted at the beginning of the fiscal year.

The operating expenditure budget has been increased by \$16.1M due to carryover appropriations and encumbered contracts from FY 2020-21 and mid-year budget adjustments approved by the City Council.

Although the COVID-19 pandemic has had an unprecedented economic effect on state and local economics, especially government revenues, General Fund revenues are currently 63.51% of budget, which is trending in-line with pre-pandemic revenue for this time of year. Expenditures are 65.73%, which is trending on track at this time. The third quarter budget and actual revenue and expenses figures are illustrated side by side in Figure 3, below.

FIGURE 3: GENERAL FUND BUDGET VS. ACTUAL AS OF MARCH 31, 2022

Quarterly Financial Status Report

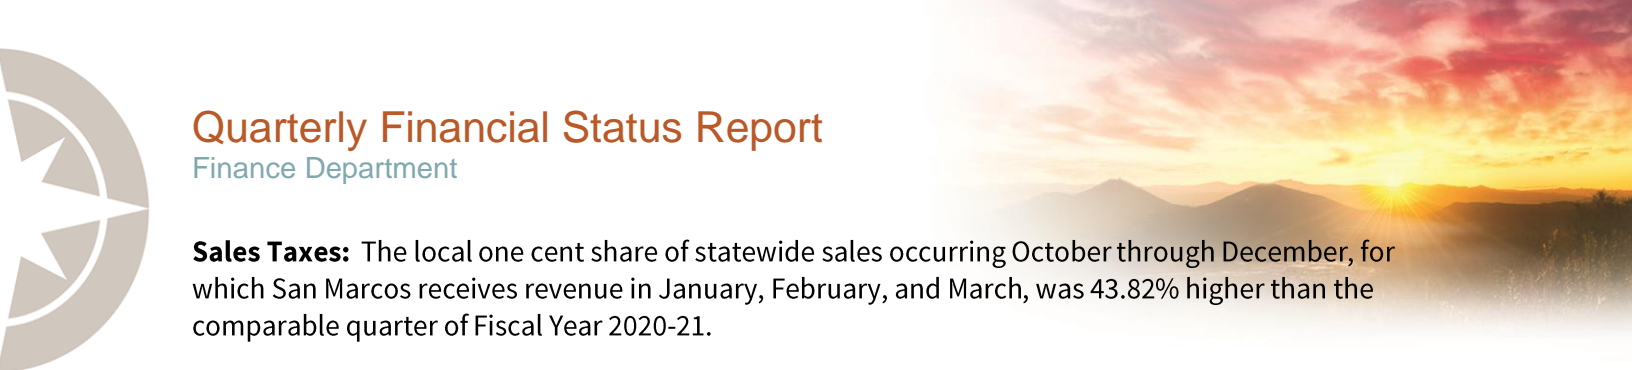

Finance Department

General Fund Revenues

As of March 31, 2022, approximately \$50.7 million or 63.51% of the General Fund operating budget revenue has been received as detailed in Figure 4, below.

Quarterly Financial Status Report

Finance Department

Sales Taxes: The local one cent share of statewide sales occurring October through December, for which San Marcos receives revenue in January, February, and March, was 43.82% higher than the comparable quarter of Fiscal Year 2020-21.

Property Taxes: The majority of property tax revenue is collected in December and April each year. According to the County of San Diego Assessor's Office, assessed values in San Marcos increased by 5% for fiscal year 2020-21. The increase in this year's assessed values is mostly attributable to increases in residential and commercial properties which reflect continued changes in the housing market and new construction.

Other property taxes in this category include the ABX1 26 Real Property Transfer Trust Fund residual revenue which is from former Redevelopment tax increment revenue and pass through. These revenues are received twice a year, January 1st and June 1st.

Licenses & Permits: Licenses and Permits revenue consist of franchise fees, business license fees, building permits, and other building and planning permits and fees. Franchise fees are generated from public utility sources such as San Diego Gas and Electric, trash collections, and cable franchises conducting business within City limits. This revenue is collected quarterly and yearly starting in the second quarter of the fiscal year.

Intergovernmental: Includes federal, state, and local grant revenue, fire mitigation fees, recycling revenue, motor vehicle fees, and state mandate reimbursement. The majority of this revenue is collected quarterly and yearly starting in the second quarter of the fiscal year. Due to the COVID-19 crisis, the City received additional Grant funding through the federal and state government that is not matched this fiscal year. This revenue has been used to fund business relief and community programs such as the Business Sustainability Loan Program, and purchase necessary equipment and supplies.

Charges for Services: Includes various plan check and zoning related fees, administrative fees, ambulance billings, and community service revenue from various recreational activities. These revenues are trending above the budgeted amount compared to this time last fiscal year as the City returns to normal post-pandemic operations.

Fines & Forfeitures: Includes vehicle, parking, and court fines as well as miscellaneous penalty fines. Because of the nature of this type of revenue, predicting when the revenue will be recognized can be difficult. Therefore, the revenue in this category is below the same point last fiscal year.

Use of Money & Property: Includes realized and unrealized investment income and rental income. Partnership income is slightly below budget for this fiscal year.

Other Revenues: Developer Fees and Miscellaneous Revenues are often one-time revenues and vary year to year. Other Financing Sources are transfers from other City funds for general fund reimbursements for operations related to Community Facilities District 98-02, the Creekside Marketplace Fund, and Real Property Management Fund. These transfers typically take place at the end of the fiscal year. A detailed schedule of General Fund revenues is provided in Figure 4.

Quarterly Financial Status Report

Finance Department

General Fund Expenditures

As of March 31, 2022, approximately \$63.4 million or 65.73% of the General Fund operating budget has been expended as detailed in Figure 5, below.

Quarterly Financial Status Report

Finance Department

Other Uses of the General Fund includes transfers to the Infrastructure Replacement/Rehabilitation, Facilities Replacement & Rehabilitation, and Vehicle Acquisition/Replacement funds as required by City Council's Fiscal Management Policy.

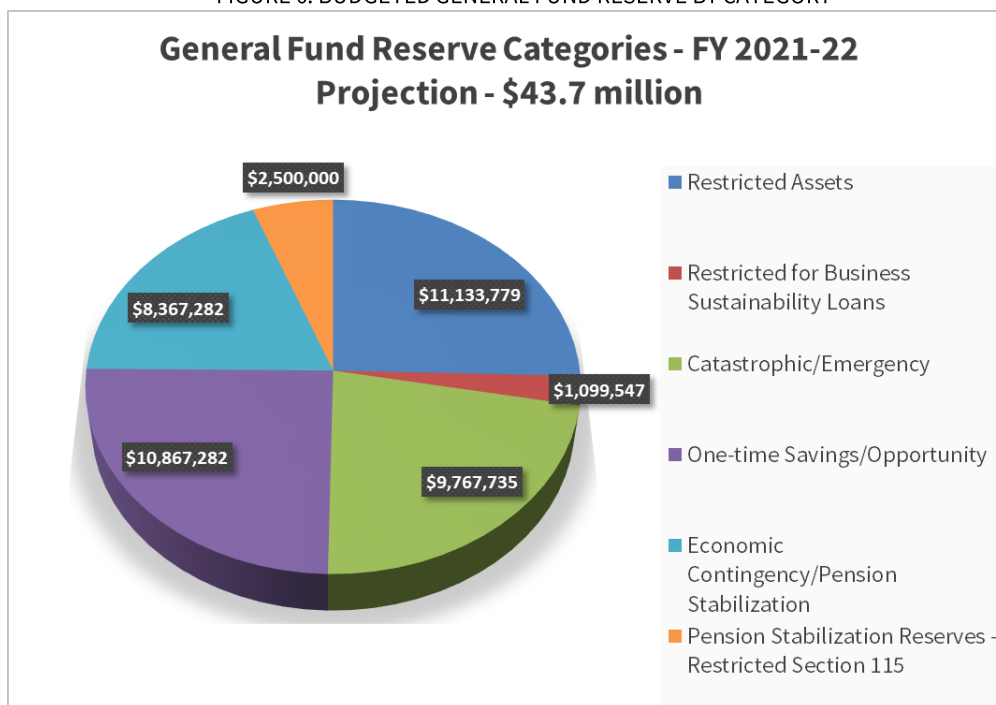

Fund Balance and Reserves

No additional uses of reserves have been considered for this reporting period. The General Fund Reserve Policy is reviewed by the City Council as part of the annual operating budget review and adoption process. Reserve levels reflected in this reporting period are consistent with the approved budget.

The City commits to maintaining these reserves (total unassigned fund balance) at a minimum of 40% of General Fund annual operating expenditures allocated between Catastrophic/Emergency Reserve ($33\frac{1}{3}\%$), One-time Recurring Savings/Opportunity Reserve ($33\frac{1}{3}\%$) and Economic Contingency/Pension Stabilization Reserve ($33\frac{1}{3}\%$) as demonstrated below in Figure 6.

Business Sustainability Loans are included in the Catastrophic/Emergency Reserve, while reserves put into the Section 115 Pension Trust are part of the Economic Contingency/Pension Stabilization Reserve.

FIGURE 6: BUDGETED GENERAL FUND RESERVE BY CATEGORY
